

## All-Greater Rochester cross country teams 2020

November 8, 2020

Hello again, cross country coaches!

This is a season unlike any other, obviously, but the Democrat and Chronicle Media Group is pleased to announce that we will again be presenting the All-Greater Rochester high school all-star cross country teams for the fall season, as we have done for past winter and spring seasons as they are scheduled.

While we don't have details quite yet, we know it's coming soon, since the post-season is almost over already. The team will be posted on-line at [www.DemocratandChronicle.com](http://www.DemocratandChronicle.com) and in print publication, dates to be determined, so we again need your prompt help. The teams will consist of 15 boys and 15 girls, with one designated as athlete of the year, from throughout Section V. We also select a boys and girls coach of the year. If you know of one or more athletes who you feel is worthy of consideration for FIRST TEAM, please make your case for him/her and reply by e-mail to [agr@democratandchronicle.com](mailto:agr@democratandchronicle.com), [jamesj@democratandchronicle.com](mailto:jamesj@democratandchronicle.com) and [jcastor@jimcastor.com](mailto:jcastor@jimcastor.com) no later than noon on November 23, the Monday after sectionals.

It would be especially helpful if you could list, 1 through 15, those athletes you would select if you were picking the team. Remember, it includes athletes from all classes. This is our only request for your input. It's your official "ballot," as it were. We will assume that if we don't hear from you, there is no one who you feel should be considered, from any team in your league or elsewhere. Your responses go a long way toward sustaining the interest in AGR, and its future.

Our staff will review your e-mails and meet results, then contact some coaches and coordinators for further advice before making final selections. We will notify those selected by contacting their coach to tell them in person, then we will notify the athletes individually by text, phone and e-mail.

Thank you in advance for your help in these trying times. We appreciate it!
