

# Wayne-Finger Lakes Indoor Track League

## Associate Membership Information

The Wayne-Finger Lakes Athletic Association is happy to announce the start of their own Indoor Track League. This new league will begin with the founding 18 W-FL Schools along with the anticipated addition of 6 associate member teams. We look forward to operating a league with 24 total teams for the 2020-2021 season. This limited number of teams gives us the ability to manage and run our meets efficiently.

A few of the key points of our league are as follows:

- School mergers will be allowed for league and sectional competition.
- Meets will be structured to finish at approximately 10pm on Friday or Saturday nights. We plan to schedule as many Friday night meets as possible.
- League dues will be a flat rate that is split equally amongst the member schools. Approximate budget looks to be \$1,900 - \$2,400 per school pending the number of associate member teams for a 10 week season. A merged team would pay as 1 school.
- Each program must also provide 4 vouchers for officials to cover the season.
- A schedule will be created in cooperation with the RWTL to ensure all Section V athletes are competing in quality facilities each weekend.
- The W-FL League plans to use Nazareth College, SUNY Brockport, and RIT for league competition.
- Modified Athletes will continue to compete in a merged league with the RWTL at Roberts Wesleyan college. Our member schools will only be charged 2-3 vouchers to compete in the league. No dues will be charged for modified competition.

**Any school interested in applying for associate membership should contact a member of the W-FL Indoor Track committee for more information and application link. All applications are due by July 31.**
