

2017 Monroe County Championships-Meet Information

Entry Information

Entries are due Wednesday May 17th at NOON

Scratches (emailed to CoachYen@gmail.com) by Friday May 19th at NOON

Please refer to the Monroe County League Track & Field Handbook for detailed entry guidelines.

Team Drop-off/Bus Parking/Etc.

To hopefully make this a smooth process for all involved please note the instructions below and refer to the attached map.

Team Drop-off/"Camp" Area

Buses will enter the access road from the WEST (by the SERC). The road will be ONE WAY ONLY prior to the meet.

Teams should be dropped off and enter the facility at the east gate (backstretch side).

Teams should setup their camps in the field behind the backstretch bleachers. The College has requested that teams do not use "long" tent stakes. Use your best judgement with this.

Please keep your areas clean and remind your athletes to use the provided trash cans.

Bus Parking

Buses that are staying will park at the AD Oliver Middle School.

After dropping off, buses should continue back to New Campus Drive and turn RIGHT. At the 4 way stop they will again turn RIGHT and continue to the Middle School parking lot(s) on their right.

Team Pickup/Departure

You can either walk to your buses at the Middle School or call your drivers for pickup. If picking up, please have them enter from the WEST as they did when they dropped your team off.

Spectator Info Parking/Admission/Etc.

Spectators should park in either Lot T (East of Tuttle Complex) or Lot V (West of the SERC). Spectators should enter the stadium via the West (frontstretch side) gate. Admission will be \$4 per person with a maximum \$10 per family. Anyone leaving the College stadium should retain their ticket stub and/or get their hand stamped for re-admission.

We will be having a food truck rodeo on the BCSD campus just south of the College track (there is a gate by the shot put area). The College may also be running a small concession area (not confirmed).

Clerking Area/Warmups/Infield Access

Athlete clerking for track events will be at the South end of the main grandstand. Athletes may check in and then continue warming up in the field to West of the main grandstand. The clerk(s) will bring the athletes to the track as a group. **NO TRACK ATHLETES WILL BE PERMITTED ON THE INFELD UNLESS THEY ARE BROUGHT THERE BY THE CLERK.**

Field event athletes will check in at their event areas. Please refer to the event list for exact field event locations as we will be using both facilities.

There will be coaching areas set up for LJ/TJ and Girls PV. Please keep the occupants of these areas limited to coaches and not a large gathering of athletes, etc. Otherwise the infield will be closed.

Questions

If you have any questions on meet day, please don't hesitate to ask a member of our coaching staff. We'll do our best to get you the info you need and hope everyone has a great County Meet.

Brockport HS Track & Field Coaching Staff

County Meet Info-Additions/Clarifications

Rt. 531/31 Construction Update: Construction has begun in this area and is causing considerable backups and delays. If you can avoid the area, please do so. If you must go that way, plan on delays and leave earlier.

Coaches Meeting: 9:30AM at Finish Line

Implement Weigh-in for Throws: 9:00AM at the throws shed in back of the East (back stretch) bleachers at the college track

Athlete Warmup Areas **(PLEASE SHARE THIS WITH YOUR ATHLETES)**

The High School track with the exception of the areas being used for field events is available for warmups. There will be hurdles & steeple barriers available if the athletes need them. If anyone wants to practice handoffs, this is where it should be (not at the college).

After checking in with the clerk, the athletes will be instructed to go to the field behind the West (front stretch) bleachers to continue warming up. They will be brought to the track by an official when their events are up. They will need to be in uniform and proper footwear at this time. All extra items (clothing, etc.) need to be left at the warmup area or with someone else.

For field events contested inside the college track, athletes should complete their general warmup at one of the above listed areas. Upon entering their competition areas, they can get their marks, etc., but they must remain in the "D-zones" and not be on the turf.

Field Event Competitors and Volunteer Workers

For the events contested inside the college track, please use the gates listed below to access the event areas

- Boys & Girls Long Jump-Gate by 200m start
- Boys and Girls Triple Jump- Gate by 200m start
- Girls Pole Vault-Gate by Finish Line

Infield Access for Coaches (FIELD EVENTS ONLY)

Each school will be given two coach passes to access the infield to coach their athletes at the field event areas listed above. *Coaching of athletes in track events must be done from outside the fence.*
