

All-Greater Rochester outdoor track and field teams 2019

May 28, 2019

Hello again, outdoor track coaches!

The *Democrat and Chronicle* Media Group is pleased to announce that we will again be presenting the All-Greater Rochester high school all-star outdoor track and field teams for the spring season, as we have done for the fall and winter seasons.

It's coming soon. The team will be posted on-line at www.DemocratandChronicle.com and in print publication, dates to be determined, so we again need your prompt help.

The teams will consist of 20 boys and 20 girls, with one designated as athlete of the year, from throughout Section V and our circulation area. We also select a boys and girls coach of the year.

If you know of one or more athletes who you feel is worthy of consideration for FIRST TEAM, please make your case for him/her and reply by e-mail to agr@democratandchronicle.com, jamesj@democratandchronicle.com and jcastor@jimcastor.com no later than June 9, the Monday after states at Middletown.

It would be especially helpful if you could list, 1 through 20, those athletes you would select if you were picking the team. Remember, it includes athletes from all classes.

This is our only request for your input. It's your official "ballot," as it were. We will assume that if we don't hear from you, there is no one who you feel should be considered, from any team in your league or elsewhere. Your responses go a long way toward sustaining the interest in AGR, and its future.

Our staff will review your e-mails and meet results, then contact some coaches and coordinators for further advice before making final selections. We will notify those selected by texting and then calling their coach to tell them in person, then contact the athletes individually by text, phone and e-mail. We will also provide the date for studio photographs and video to be taken at our new *D&C Digital Media* offices on Main Street in downtown Rochester.

Thank you in advance for your help. We appreciate it!
